CHI SIAMO WHO WE ARE

Miperval lavora da sempre con i propri clienti per supportarli nella realizzazione dei loro progetti.

Con un **focus sulla Industry Fashion**, abbiamo maturato negli anni una solida esperienza con aziende operanti del settore (compresi abbigliamento, calzaturifici, pelletterie, valigerie, ecc.).

Miperval offre prodotti in acciaio, alluminio, ferro, ottone e zama. Tutti gli articoli possono essere galvanizzati con qualsiasi colore desiderato.

Il nostro approccio versatile ci consente di **collaborare con grossisti tanto quanto di lavorare direttamente con aziende di alta moda**.

L'azienda, che è stata creata dai genitori Dino e Carla e fatta fiorire dai figli, è attualmente gestita da Giancarlo Mazzucchelli.

Gli articoli riportati in questo catalogo rappresentano solo una parte della nostra produzione. La vasta conoscenza del settore ci permette di offrire ai nostri clienti un efficiente servizio di design e progettazione di prototipi personalizzati, partendo da un disegno, un campione del cliente o, semplicemente, da un'idea.

Miperval has a long standing experience in supporting clients in the realisation of their projects.

*With a **focus on the Fashion Industry**, we have been working for more than 50 years with firms operating in the sector (including clothing, shoe, leather factories).*

Miperval can offer items in aluminium, brass, iron, steel and zamak. All products can be galvanised in any type of finish required by our clients.

*Our versatile approach allows us to collaborate directly with **high fashion firms as well as with wholesalers**.*

The company, founded by the parents Dino and Carla and grown by their sons, it's actually managed by Giancarlo Mazzucchelli.

The articles listed in this catalogue represents just part of our production capabilities. Our wide knowledge of the sector allows us to offer our clients an efficient service of design of bespoke products, starting from a drawing, a sample, or simply from an idea.
